MIKE

EXT. FOOTBALL FIELD

A few of the team members are scattered around just loafing, waiting for the coach. Mike is sitting on a bench. June appears and walks over to him

JUNE

Hi baby, how's it going?

MIKE

How do you think It's going? I haven't still played in any match since after my injury

JUNE

Don't worry, coach will put you in soon

MIKE

When?! I'm tired of waiting. I'm not used to being benched

JUNE

I know, he'll put you in soon. I know he will

MIKE

He better!

JUNE

I'm sure he just wants the leg to heal very well so you don't cause any permanent damage to it. You know you're very valuable to the team

MIKE

I hope he doesn't forget that

JUNE

How can he? You're the star player

MIKE

Well the way everyone has been going on and on about Tobi scoring the winning goal against the Hornets, I wonder if they have forgotten who the real star player is

Tobi walks past them at that moment

MIKE (CONT'D)

Talk of the devil

June turns up her nose and eyeballs him as she speaks

JUNE

Don't pay any attention to that one. How can he steal your shine? He's not even half the man that you are. It's just a temporary phase. Once you're back in play everyone will forget he ever existed

MIKE

I hope so

JUNE

I know so baby

She pecks him on the cheek

JUNE (CONT'D)

Where is the self confident Mike that I know and love eh?

Mike smiles at her, she smiles back at him and pecks him again. She looks over at Tobi again in disgust

JUNE (CONT'D)

He doesn't hold a candle to your star baby, just look at him....

She hisses
